BULL'S WORM DESTROYER. To my United States and World -- Wide Readers.

I have received many testimonials from professional and medical men, as my alman acs and various publications have shown, all of which are genuine. The following letter from a highly educated and popular physicion in Georgia, is certainly one of the most sensible communications I have ever received. Dr. Clement knows exactly what he Hurley's Ague Tonic. There have been thou- tions for all the diseases for which they are respeaks of, and his testimony deserves to be sands cured by using it who had tried the usual remedies without benefit; but in no case has written in letters of gold. Hear what the Doctor says of BULL'S WORM DESTROY.

VILLANOW, WALKER COUNTY, GA., ? June 29, 1866.

Dr. JOHN BULL-Dear Sir:-I have refor some article of the kind. I am free to proprietors. confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get the medicine directly from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the regular line of M. D.'s, but I see no ust cause or good sense in discarding a rem edy which we know to be efficient, simply because we may be ignorant of its combina tions. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to com mand-not hesitating because some one more ingenious than myself may have learn ed its effects first, and secured the sole right to secure that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, that purport to cure all all man ner of disease to which human flesh is heir. Please reply soon and inform me of your best terms. I am, sir, most respectfully,

CHILLS and FEVER The proprietor of this celebrated medicine justly claims for it superiority over all remedies ever offered o the public for the safe, certain, speedy, and permanent cure of Agne and Fever, or Chills and Fever, whether of short or long standing. He refers to th entire Western and South-western country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single when tried for either man or beast, and will do bottle, with a perfect restoration of the general health. It is, however prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more
